Features

Easy to Control

Intelligent electric control box with LCD display and remote control for flexible, convenient operation.

Powerful Diesel Engine

Powered by a premium 4-cylinder diesel engine for reliable performance in demanding sewer and drain cleaning applications.

Integrated Water Tank

Built-in water tank with an internal float valve helps maintain the water level during operation.

Premium Plunger Pump

High-pressure pump with ceramic plungers and durable seals delivers 200 bar pressure and 60 L/min flow for powerful cleaning performance.

Dual Hose Reels

Equipped with a 50 m water inlet hose and a 60m high-pressure jetting hose, with separate reels for convenient deployment and tidy storage.

Heavy-Duty Frame

Heavy-duty carbon steel frame supports and protects key components for demanding working environments.
